SUGGESTED PARENT ACTIVITY

It is important to spend one on one time with your child. One fun activity as the weather gets a little cooler is Cloud Watching. Grab a blanket, lie on your back in the back yard or in the park and watch as the clouds float above, morphing into all kinds of interesting shapes. Be sure to get your child talking about what they are noticing and compare notes. Where your child sees a pony, you may see a whale. Feel free to get silly ("Is that a dog with an umbrella?") or contemplative ("That cloud looks like love").
